If the above conditions (the “**WP Conditions**”) are not fulfilled by 31 August 2012 (or such later date as may be agreed between the Company and the Placing Agent), the Warrant Placing will lapse and the obligations and liabilities of the Company and the Placing Agent under the Warrant Placing shall be null and void and the Company and the Placing Agent shall be released from all rights and obligations pursuant to the Warrant Placing save for any antecedent breaches.

Completion:

Subject to the fulfillment of the WP Conditions, completion of the Warrant Placing shall take place on a date falling within five Business Days following the satisfaction of the WP Conditions (exclusive of the date of satisfaction of all the WP Conditions) or such other date as the Company and the Placing Agent may agree (the “**WP Completion Date**”).

Rescission:

If any of the following events occurs at any time prior to 10:00 a.m. on the WP Completion Date, the Placing Agent may (after such consultation with the Company and/or its advisers as the circumstances shall admit or be necessary), by giving a written notice to the Company, at any time prior to 10:30 a.m. on the WP Completion Date rescind the Warrant Placing Agreement without liability to the other party to the Warrant Placing Agreement and, subject to certain provisions which shall continue, the Warrant Placing Agreement shall thereupon cease to have effect and none of the parties to the Warrant Placing Agreement shall have any rights or claims by reason thereof, save for any antecedent breaches:

- (a) in the reasonable opinion of the Placing Agent there shall have been since the date of the Warrant Placing Agreement such a change in national or international financial, political or economic conditions or taxation or exchange controls as would be likely to prejudice materially the consummation of the Warrant Placing; or
- (b) the introduction of any new law or regulation or any change in existing law or regulation (or the judicial interpretation thereof) or other occurrence of any matter whatsoever which may materially and adversely affect the business or the financial or trading position or prospects of the Group as a whole; or

- (c) any material breach of any of the representations and warranties made by the Company in the Warrant Placing Agreement comes to the knowledge of the Placing Agent or any event occurs or any matter arises on or after the date of the Warrant Placing Agreement and prior to the WP Completion Date which if it had occurred or arisen before the date of the Warrant Placing Agreement would have rendered any of such representations and warranties untrue or incorrect in any material respect or there has been a material breach by the Company of any other provision of the Warrant Placing Agreement; or
- (d) there is any adverse change in the financial position of the Company which in the opinion of the Placing Agent is material in the context of the Warrant Placing.

PRINCIPAL TERMS OF THE WARRANTS

Number of Warrants:	An aggregate maximum number of 60,000,000 Warrants.
Warrant Issue Price:	HK\$0.01 per Warrant. The maximum aggregate Warrant Issue Price will be HK\$600,000.
Number of Warrant Shares issuable upon full exercise of the subscription rights attached to the Warrants:	Upon full exercise of the subscription rights attached to the Warrants (assuming that there will be no further changes in the issued share capital of the Company prior to such exercise and no adjustment to the subscription price of the Warrants), 60,000,000 Warrant Shares will be issued which represent (i) approximately 9.76% of the Company's existing issued share capital; (ii) approximately 8.89% of the Company's issued share capital as enlarged by the issue of the Warrant Shares upon exercise of the subscription rights in full attaching to the Warrants; and (iii) approximately 8.76% of the issued share capital of the Company as enlarged by the issue of the Warrant Shares upon exercise of the subscription rights in full attaching to the Warrants and the Share Placing.

Subscription price and right:

Each Warrant will carry the right to subscribe for one Warrant Share at the initial price of HK\$0.141 (the “**Initial Subscription Price**”) per Warrant Share, subject to adjustments for, among others, alteration of nominal amount of each Share by reason of any consolidation or subdivision, issue of Shares by capitalisation of profits or reserves, capital distribution to Shareholders, grant to Shareholders of rights to acquire for cash assets of the Company or any of its subsidiaries, offer by the Company to Shareholders of new Shares for subscription by way of rights, or grant of options or warrants to subscribe for new Shares at a price per new Share which is less than 40% of the then market price, issue wholly for cash being made by the Company or any of its subsidiaries of securities convertible into or exchangeable for or carrying rights of subscription for new Shares (if in any case the total effective consideration per new Share initially receivable for such securities is less than 80% of the then market price, or the conversion, exchange or subscription rights of any such issue are altered so that the said total effective consideration is less than 80% of such market price) and issue of Shares wholly for cash at a price of less than 80% of the then market price. Every adjustment to the subscription price of the Warrants will be certified by the auditors of the Company or an approved merchant bank.

The Initial Subscription Price and the Warrant Issue Price (being HK\$0.151 in aggregate) represents:

- (i) a discount of approximately 13.71% to the closing price of HK\$0.175 per Share as quoted on the Stock Exchange on the Last Trading Date; and
- (ii) a discount of approximately 13.71% to the average closing price of HK\$0.175 per Share as quoted on the Stock Exchange for the last 5 trading days of the Shares up to and including the Last Trading Date; and
- (iii) a discount of approximately 13.71% to the average closing price of HK\$0.175 per Share as quoted on the Stock Exchange for the last 10 trading days of the Shares up to and including the Last Trading Date.

Both the Warrant Issue Price and the Initial Subscription Price were determined after arm's length negotiations between the Company and the Placing Agent with reference to the recent market prices, the performance of the Shares and the current market conditions. The Board is of the opinion that the Initial Subscription Price and the aggregate of it with the Warrant Issue Price are fair, reasonable and in the best interest of the Company and its Shareholders as a whole.

Subscription restriction:

Holder(s) of the Warrants shall not be entitled to exercise the whole or part of the subscription rights under the Warrant(s) to the extent that immediately after such exercise, the relevant holder together with parties acting in concert with it (as defined under the Takeovers Codes), taken together, will, directly or indirectly, control or be interested in 30% or more of the voting rights of the Company (or in such percentage as may from time to time be specified in the Takeovers Codes being the level for triggering a mandatory general offer) or otherwise, a general offer shall be given in accordance with the requirement of the Takeovers Codes or where applicable, waiver from the Shareholders is obtained in accordance with the Takeovers Codes. Further, holders of Warrant shall not have the right to exercise the whole or part of the subscription rights under the Warrant(s) to the extent that immediately after such exercise, there will not be sufficient public float of the Shares as required under the GEM Listing Rules.

Exercise period:

5 years commencing from the date immediately after the date of the issue of the Warrants.

Transferability:

The Warrants are transferable in integral multiples of 100,000 Warrants provided that (i) no assignment of the Warrants shall be made unless the proposed transferee has provided the Company with a written confirmation of independence; and (ii) no transfer of Warrants to connected persons shall be allowed without the prior approval of the Company and the Stock Exchange.

Listing:

No application will be made for the listing of the Warrants on the Stock Exchange or any other stock exchanges, but application will be made for the listing of, and permission to deal in, Warrant Shares on the Stock Exchange.

Ranking of the Warrant Shares:	The Warrant Shares, when issued and fully paid up, shall rank pari passu in all respects inter se with all other Shares then in issue and will be issued and allotted to the holders of the Warrants free from all liens, charges, encumbrances, claims, options and all other third party rights and together with all rights attaching thereto as at the date of the issue and allotment, including the right to all dividends or other distributions which may be declared, paid or made after the date of the issue and allotment.
Fractional entitlements:	Upon exercise of the subscription rights under the Warrants, no fraction of a Share will be allotted but any balance representing fractions of the subscription moneys paid on exercise of the subscription rights represented by the relevant Warrant will be refunded by the Company to the relevant holder of Warrants.
Call:	If at any time the aggregate number of Warrants which have not been exercised is less than 10% of the aggregate number of Warrants issued under the Warrant Instrument, the Company may, on giving not less than 3 months' notice, require holders of the Warrants either to exercise their subscription rights or to allow them to lapse. On expiry of such notice, all unexercised Warrants will be automatically cancelled without compensation to holders of such Warrants.
Dividend or other distribution entitlement:	Holders of the Warrants shall not be entitled to receive any dividend or other distribution in respect of the financial year ended 31 March 2012 as may be announced by the Company prior to the exercise period as referred to hereinabove.
Warrant Placing commission:	The Company shall, on the WP Completion Date, pay to the Placing Agent in respect of the Warrant Placing a placing commission of 2.5% of the aggregate amount which is equal to the Warrant Issue Price multiplied by the number of Warrants being placed by the Placing Agent upon receipt of the subscription moneys for such Warrants.

REASONS FOR AND BENEFIT OF THE SHARE PLACING AND THE WARRANT PLACING AND USE OF PROCEEDS

The Group is principally engaged in provision of system integration services and other value-added technical consultation services and hardware-related business.

As at 31 May 2012, the consolidated unaudited cash balance and total assets value of the Company were approximately HK\$3,310,000 and HK\$6,720,000, respectively (before making any adjustments for the net proceeds of approximately HK\$2,705,625 and HK\$292,500, arising from placing of Shares and the May 2012 Warrants pursuant to the May 2012 Share Placing Agreement and the May 2012 Warrant Placing Agreement, respectively). The gross proceeds and net proceeds from the Share Placing will be approximately HK\$1,410,000 and HK\$1,374,750 respectively, while the gross proceeds and net proceeds from the Warrant Placing will be HK\$600,000 and HK\$585,000 respectively. It is intended that a majority part of the net proceeds from the Share Placing and the Warrant Placing of approximately HK\$1,374,750 and HK\$585,000 respectively and any additional proceeds from the issue of the Warrant Shares upon exercise of the subscription rights attaching to the Warrants in future up to a maximum amount of HK\$8,460,000 will be applied towards the establishment of two wholly foreign owned enterprises in the PRC. The Company is presently evaluating the possibility of entering into new businesses or making investments in areas which include: (i) the manufacture of ancillary high-tech software products specifically designed for smart phones; (ii) the development and establishment of an integrated platform for the distribution of mobile products and provision of value added services; and (iii) the setting up of joint venture arrangement(s) with multinational companies for the introduction and procurement of mobile application services within the telecommunication industry in the PRC.

As mentioned above, the net price raise per Placing Share under the Share Placing will be approximately HK\$0.1375. Whereas the net price to the Company of each Warrant, which is calculated by dividing the aggregate net proceeds from the Warrant Placing and the exercise of the subscription right attaching to the Warrants by the total number of Warrants, is approximately HK\$0.1508.

The Directors consider that it is beneficial for the Group to carry out the Share Placing and the Warrant Placing in light of the recent global financial market volatility to raise funds for improvement of its financial position and hence expansion of its business as described above, which will not result in a significant immediate dilution effect on the existing shareholding structure of the Company. In addition, the issue of the Warrant Shares upon exercise of the subscription rights attaching to the Warrants will provide the Group with an opportunity to raise further funds for proceeding with its business expansion plan.

The Directors also consider that the Share Placing Agreement and the Warrant Placing Agreement were entered into on normal commercial terms after arm's length negotiation between the Company and the Placing Agent with reference to the recent market prices, the performance of the Shares and the current market conditions. The Board considers that the terms of (i) the Share Placing and the Share Placing Agreement (including the share placing commission) and (ii) the Warrant Placing and the Warrant Placing Agreement (including the warrant placing commission), are fair and reasonable and are in the interests of the Company and its Shareholders as a whole.

MANDATE TO ISSUE PLACING SHARES AND WARRANT SHARES

The Placing Shares and the Warrant Shares will be issued pursuant to the General Mandate, under which the maximum number of new Shares which could be issued was 120,000,000 (being not exceeding 20% of the total nominal value of the share capital of the Company in issue as at the date of AGM).

As at the date of this announcement, a total of 15,000,000 Shares has been allotted and issued pursuant to the May 2012 Share Placing Agreement and a maximum of 30,000,000 Shares may be issued upon exercise of the subscription rights attached to the May 2012 Warrants. Immediately after the entering into of the Share Placing Agreement and the Warrant Placing Agreement, the maximum number of new Shares which could be issued under the General Mandate (after taking into account the Shares that have been issued and may be issued pursuant to the May 2012 Share Placing Agreement and the May 2012 Warrants, respectively) was 75,000,000. Accordingly, the issue of the Placing Shares and the Warrant Shares is not subject to any Shareholders' approval.
